County Proves Its Patriotism: Support Our Troops 2007

On Tuesday the Board of Supervisors unanimously endorsed Support Our Troops 2007, a program created by the County's Department of Veterans Affairs, in cooperation with Yellow Ribbon of America (a Non-Profit Organization), who will collect and distribute donated items to military personnel and their families.

"This will be a countywide effort to show our support of the deployed military service members in Iraq and Afghanistan," said Third District Supervisor Dennis Hansberger. "Unfortunately, they will be overseas fighting for our country instead of being home with their families during the holiday season," said Third District Supervisor Dennis Hansberger.

The County Department of Veterans Affairs is coordinating this effort to collect comfort, hygiene, and snack items for care packages. They will be sent to deployed military service members in Iraq and Afghanistan during the holiday season.
